

Southwest Bridge Preservation & Maintenance Working Group

Mission Statement

It is the Mission of the SBPMWG, through the free and open exchange of ideas and information, to better serve our customers, those who utilize the transportation system in the southwestern United States.

We will strive to improve existing bridge maintenance methods with new innovative products and techniques at the lowest cost. Together we will take our combined experience to solve the issues that are unique to our states and make our bridge maintenance procedures and repairs the best that can be offered anywhere.
